

Io non voglio piu (I don't want any longer)

This song is for you  
but now it is too late  
this love exists no longer

The first time that I have seen you  
you still seemd an angel for me  
but all this is faded

I don't want any longer  
see what you do  
cause my heart is still suffering  
my life will surprise you  
and fort his I don't want any longer

It passed much time  
but you are in my mind  
but I want that all this fades

I don't want any longer  
see what you do  
cause my heart is still suffering  
my life will surprise you  
and fort his I don't want any longer

I don't want suffer any longer  
with my mind and my heart  
and for this for me it is better  
not to see you anymore  
please believe me, darling  
I have only loved you  
but now it is too late  
this love exists no longer

You want to try it again  
but you know my heart is jealous  
Someone else touched your heart  
and I'm sure

I don't want any longer  
see what you do  
cause my heart is still suffering  
my life will surprise you  
and for this I don't want any longer

I don't want suffer any longer  
with my mind and my heart  
and for this for me it is better  
not to see you anymore  
please believe me, darling  
I have only loved you  
but now it is too late  
this love exists no longer

I don't want suffer no longer  
with my mind and my heart  
and for this for me it is better  
not to see you anymore  
please believe me, darling  
I have only loved you  
but now it is too late  
this love exists any longer

I don't want suffer any longer  
with my mind and my heart  
and for this for me it is better  
not to see you anymore  
please believe me, darling  
I have only loved you  
but now it is too late  
this love exists no longer
